Deye

Mission & Vision

Mission:
To provide sustainable and innovative energy solutions that empower communities, protect the environment, and create a brighter future for generations to come.

Vision:
To be recognized as a global leader in solar energy technology, driving the world toward a future powered entirely by renewable energy.

Deye STAY POWERED

Deye

Core Values

Innovation
Pioneering cutting-edge solar inverter and storage technologies.

Sustainability
Committed to environmental protection and carbon reduction.

Quality
Delivering products that meet the highest global standards.

Customer Focus
Building long-term partnerships through trust and service excellence.

Integrity
Operating with transparency, honesty, and responsibility.

Message
from the M.D

> *"At Deye Inverter Ltd, we believe that clean energy is not just an option, it is the future.*

Our goal is to empower every home, business, and industry with reliable and affordable renewable energy solutions.

We are proud to be part of the global movement toward a sustainable planet, and we remain committed to innovation quality, and customer satisfaction."

Deye STAY POWERED

Our Services

We provide end-to-end solar and energy solutions tailored to meet the needs of residential, commercial, and industrial clients:

Solar Inverter Supply Reliable, high-efficiency inverters for various applications.

Battery Storage Systems Advanced energy storage solutions for uninterrupted power.

Solar PV System Design & Installation Complete turnkey solutions.

Maintenance & Support Ongoing technical assistance and service.

Energy Consultancy Expert guidance on energy optimization and sustainability.

Deye

Our Products

Our product portfolio is built to ensure maximum efficiency and durability:

Hybrid Solar Inverters Seamlessly integrate solar, grid, and battery power.

On-Grid Inverters High-performance units for grid-connected systems.

Off-Grid Inverters Standalone power for remote areas.

Energy Storage Batteries Lithium and advanced battery technologies.

Solar Accessories – Cables, connectors, and monitoring systems.

Market Focus

We serve a wide range of markets:

Residential Homes Affordable, clean energy for households.

Commercial Businesses Reduce operational costs with solar integration.

Industrial Plants Reliable energy solutions for high-demand operations.

Rural Electrification Powering off-grid communities.

Government & NGOs Large-scale sustainable energy projects.

Deye STAY POWERED

Deye

Technology & Innovation

We invest in research and development to create products that are:

Highly Efficient Optimizing solar energy conversion rates.

Smart Enabled Remote monitoring and control via mobile apps.

Durable & Reliable Built to withstand harsh environmental conditions.

Scalable Designed for small to large scale installations.

Deye STAY POWERED

Sustainability Commitment

At **Deye Inverter Ltd**, **sustainability is at the core of our operations**:

Using **eco-friendly materials**.

Designing products for **long life cycles**.

Supporting the global shift to **renewable energy**.

Partnering with organizations that **share our green vision**.

Deye STAY POWERED

Project Portfolio

Highlight notable projects with brief descriptions:

50 .1kW Commercial Solar Project – Lagos

2. Off-Grid Rural Electrification – Northern Region

100 .3kW Industrial Installation – Abuja

4. Residential Solar Integration
   – Port Harcourt

Deye

Case Study

Client 1 : ABC Manufacturing Ltd
Challenge: Frequent power outages impacting production.
Solution: Installed a 100kW hybrid solar inverter systemwith battery backup.
Result: Reduced generator usage by %80, saving 50,000$ annually in fuel costs.

Client 2 : Green Community Project
Challenge: Lack of electricity in remote village.
Solution: Off-grid solar system with storage batteries powering homes and community center.
Result: Improved quality of life, enhanced education, and boosted local economy.

SMALL-SCALE C&I ESS SOLUTION

DEYE SUMMER BOS SERIES

Intelligent Control

- Protection against over-discharge, over-charge, over-current, and extreme temperatures
- Automatically manage charge/discharge states and balances cell current/voltage
- Uploading of battery data via TCP protocol

Easy Installation

- 3U rack embedded design
- Multiple battery modules can be in series for expanding
- USD,Bluetooth conection

Smart Operation

- Cloud-based monitoring
- Keep track of the operating status
- Intelligent strategy control
- Effectively saving on electricity bill

Flexible Series Capacity

- Support 7~21 packs
- Inverter 50-80kW,Battery 38-160kWh
- Easy capacity expansion and save more budget

Safer and Reliable

- Intelligent BMS
- Firefighting module

Long Service Life

- Full replacement warranty
- 6000 cycles

Health, Safety & Quality Policy

We adhere to strict HSE and QA protocols:

Zero-compromise on safety during installations.

Rigorous quality testing of all products.

Compliance with national and international safety standards.
